

Hermann

Hermann came to us on December 30, 2010. He settled in like a dream and has just been loving life here in Arlington, VA. He was house-broken in just a few days too. We became his "forever home" a few weeks later.

Hermann

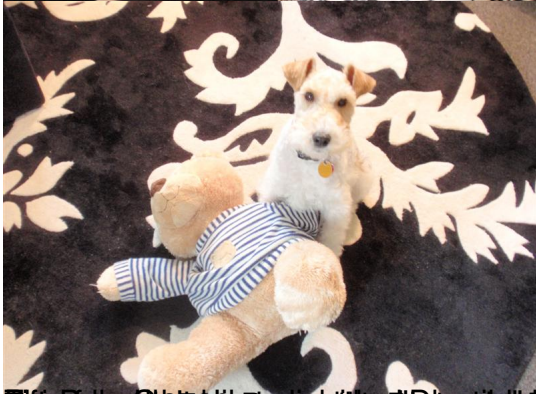

Written by Celia

He is just such a joy to be with...curious, smart and affectionate! He also likes to chill on the sofa.

He has moved from being in his crate while I'm at work, with a break at noon, to staying out of his crate all day. I still come home at lunchtime to let him run around outside and play with him. He even lets me have my lunch! Hermann loves to take walks and is great on the leash...where did he learn to "heel" so naturally???

THANK YOU!
