. VA volunteers, Jill and Sue; MD volunteers, Lucie and Debi; and PA volunteer, Eva teamed together to pull, foster, transport, and place this sweet little miss.

In just over two weeks, Gigi has gone from a sweet, smart, and very neglected 8 month old to a new and very much adored family member of Elaine and Jesse. They were deeply grieving the loss of their previous Foxy and when they met Gigi it was a moment of sheer joy. There were more than a few tears shed among the humans while Gigi romped in the gloriously big backyard and performed her "happy roll" in the soft grass.

Elaine and Jesse were waiting with an orange polka dot harness and leash along with a basket of toys and two hearts ready for the healing that a new life brings to a home.

Thank you Elaine and Jesse for giving this sweet baby the forever family she deserves. Hurray for another American Fox Terrier Rescue success story!
