

Lily's success story

Written by Linda

Lily was found running around Nashville on her own. One neighbor built her an outdoor box shelter and finally a kind family who has rescue Greyhounds and Shihtzus invited little Lily into their home. They searched for Lily's owners to no avail even though she had a rabies tag. As it turned out she was a long way from home and her owner had since become deceased. So Lily was turned over to American Fox Terrier Rescue, and quickly found her forever loving home that she shares with an Aussie/Corgi friend named Parker & and a brand new wonderful family. Congratulations to Lily and her new family! We are thrilled that you found each other.
